

# TAP™

## Technical Assistance Program

### Tap™ Into CGC Via The Internet

What is TAP™? It's a new, worldwide web based, portal for technical communications with Container Graphics. TAP™ means you can communicate with CGC technical personnel via your own personalized web site. No matter where you are in the world.

### Manage and Solve Complex Converting Problems

TAP™ creates a channel for the exchange of digital photos, technical documents, e-mail and training programs between your team and our team. It even keeps track of this information for you!

### Open The Door To Cost Effective Solutions

TAP™ opens the door to a vast library of technical resources, all aimed at solving converting problems- cost effectively. For more information on how you can utilize TAP™, contact your CGC representative today.
